Break:

Em-c-g-g7-b-em-c(7)

G-b-c-g(sus4)

She got her petees? and coffee ,while the band plays a  
funeral dirge

In new orleans mardi gras, but i'm sick as a dog, here  
in texas

When the one that you love's in the arms of another  
man

You've got to rise above it, and let her go

Leave your baby down, leave her down at hollywood  
cemetery

Repeat break

G(sus4)
