Reasons to quit:
Smoke and booze don't do me like before
And I'm hardly ever sober
And my old friends don't come 'round much anymore
Reasons to quit:
The low is always lower than the high
And the reasons to quit
Don't outnumber all the reasons why

BRIDGE:
So we keep smoking, and we keep drinking,
Having fun, and never thinking,
Laughing at the price tag that we paid
And we keep rolling down that fast lane
Like two young men, feeling no pain
And the reasons for quittin', getting bigger each day

Reasons to quit:
I can't afford the habit all the time
I need to be sober,
Need to write some new songs that will rhyme
Reasons to quit:
I have no rhyme or reason when I'm high
And the reasons to quit
Don't outnumber all the reasons why

REPEAT BRIDGE
And the reasons for quittin', getting bigger each day
