Well we went to the station
They were looking for Vegas
But I was stuck in my beat phase
Like it was 1959

They say the girls wanna hip-shake
They say the boys wanna ball-break
But we couldn't be bothered
Cuz we're hipper than y'all

And everyday I resolve to say

The world is mine
So bring your ??? salvation
Or a standing ovation
Cuz I really deserve it
And so much more

The big kid in the magazines
You and me, we went to make the scene
?Better get your? name, man
And tomorrow you'll be gone
So everyday I resolve to say
The world is mine
