Aching joints from working all the time
All alone he dreams of love all night
He's an early model but a likeable guy
As far as robots go
As far as robots go
Yeah

We're over and out
We're over and out

His name is R-15-52
And he'll do anything for you
But robots have feelings too
Yeah robots have feelings too

I guess he'll be alone forever
I guess he'll be alone forever
Sexy girls and valentines, no
I guess he'll be alone forever
