

Crackout "Wait"

This sound brings her into my head
And I'll dream every day till I'm dead

This face will never capture her hold
Too late and there's no way to let go

Well I'm gonna shake my head
And try to set her free
But I just can't let go
It's like she's nestled down inside of me

You've got to wait

Without, you're all I think about
But you won't touch me
I know I'm dying to let go
But you won't let me
You won't let me

You've got to wait

I'll drown if I can't get some relief
Move on
