Me And You (dedicated To Destiny)

[Intro]

I'd like to dedicate this one here, to my star
Someone I cherish, she loves me unconditionally
No matter what, our love will always be here for you
baby

Yeah

So from God, he gave me this gift, you (ha ha)

And I give you this, the world (If I had it all)

(If I had it all)

(If I had it all)

Yeah, just me and my little one (if I had it all)

Just me and my little one (if I had it all)

[Verse 1]

Even though we don't live in the same home

And I mightta miss your graduation

And no matter how many miles I'm away from you

You know that I love you

Hear daddy on every station

Thinking, I'm loving my occupation

I know I got you home waitin', to see

I do it all for you (if I had it all)

(If I had it all) daddy's little girl I would give you the
world

Little girl I'd give you the world (If I had it all)

Yeah, just me and my little one

Just me and my little one (If I had it all)

I'd give you the world

[Verse 2]

Even though you'll be grown soon

You gotta stand on your two

Please listen what daddy told you

I know you think that I'm old school

You'll see that I was right soon

One day, you will meet the right groom

And then, you will see your life bloom

And then you'll know what's right for you (If I had it all)

(If I had it all) daddy's little girl

Daddy's little girl I would give you the world (If I had it
all)

Yeah, just me and my little one, {whattup} (If I had it
all)

Just me and my little one (If I had it all)
[Verse 3]
Respect your mom, no one will replace her
She's the one who went through the labour (If I had it all)
But you don't owe her no favours
But her respect is due
See, daddy just wanna show you (If I had it all)
All the heartache I go through (If I had it all)
It's for you
[Outro]
If this world were mine, I'd give it all to you (If I had it all)
Yeah, (If I had it all)
It's your world baby girl
Yeah!
Yeah, just me and my little one (If I had it all)
Just me and my little one (If I had it all)
(If I had it all)
(If I had it all)
