Spoken

you know what i wonder some time

Like do you know how far we could go if you could only believe in me

yeah imagin that

Verse One

Did you know that I meant what I said when I told you I loved you loved you

And did you know i was really sincere when i couldnt go creeping creeping around

And everything that I told you Id be for you I can really be for you baby

Just gimme gimme gimme a chance and

Let me show you how I really feel really feel for you

You are everything (you are evrything)yeah

oh oh yeah yeah (repeat)

So do you know I really wanna be here for you any time you call on me baby

and did you know we could be anything we want if you only could believe in us and

gimme your love

dont no no dont baby dont walk out just give me a chance yeah

let me show you how i really feel really feel for you

you are everything

baby boy yeah

oh oh yeah yeah (repeat)

nas

uh she says nas show me the inside of your benz

im just tryna show you trust and the beauty of being friends

they just wanna love you and leave you cut it and please yeah

tell the world how they beat ya

im tryna show you something deeper

movie night at the crib double feature

turn off your phone you can moan

we into love making marathon

you hit notes you never known

in the streets i need chrome and amanition

but at home you just want me to lesson  
check it your friends is hating cause they feel it dating  
messing with your concentration and it kills em that im  
your fascination  
picture life as my wife  
just think full length sable  
seven carats in your navel  
ballers inside the club tryna send you there best  
with tattoos on your chest spelling n-a-s  
tanning no bikini in the sands of fiji  
miami and my lamborghini  
kc believe me  
keyshia cole  
thats why you got me singing  
oh yeah (repeat)  
spoken  
yeah you know all i needed you to do is believe in us  
you know what im saying  
i guess thats the way love goes  
uhm oh oh oh oh baby  
oh i believe in you do you believe in me
