[NAS]

In my darkest days lighting up the righteous smoke
Cause I'm dealing with this thug life crisis and cant
cope
Niggas on my dick beef don't stop
Niggas asking what happed to the Firm
Did you and AZ bone Fox? No
How was it working with Dre though?
Heard you was fucking Lil Kim and Mary J, Whoa , the
list goes on
There is rumors that Brandy broke my heart
The world want to know what's in the life of the prettiest
Don
Nas, was Jay fucking with your baby mom's?
Was she involved with a plot, to deceive my perfect
degrees of
Three hundred and sixty, he ugly she pretty that's life
Never been married eloped with dope
