Uh ..(crazy)..yo pussy killed me uh uh yea yea.  
yea...uh...uh uh uh

Pussy killed me when i was born (what?),  
pardon me, I rephrase it departed mommy wounded n  
made it  
I look at the bright side, the fact that i got a life side,  
born '73...September right Nas? True, virgo child,  
first thing i learn money makes the world go round,  
on this small planet there 10 women to 1 man,  
I wonder how he managed? To say vows and walk a  
straight  
line in marriage, niggaz is some nasty creatures,  
bitches even nastier, they throw it at ya boy, and it's  
hard  
for me to pass it up, freaky ho's lick a niggaz ass n  
nuts,  
stupid bitch braged till her baby dad went nuts. (stupid)  
now ya lookin for me, 2 cars deep, rollin up on niggaz  
barrel out the window...askin u Nas peeps?  
I can't have dat, 2 45's nigga grab dat, pass it to me  
sucka  
for luv, niggaz i blast dat.  
I swear my dick is gonna me n trouble, im pissin  
bubbles  
I thought I felt a sharp pain, betta stick to rubbaz,  
when layin, hooka afta hooka day out n day in,  
watch out fo diseases tha doctaz can't name em.  
Just a thought we all fuck the same chix, some play  
like they innocent fuckin entertainers, n basketball  
playaz  
the bitch is a ho, but still summa ya is still sayin put ya  
dick  
in her hole, u just a nigga that de-wifed her, she  
thought u crazy  
now ur monkey ass wants ta shoot that pimp that pipes  
up,  
she had ya baby, now u a lifer, the suicide notes u write  
her.
