I think I can remember some

Brenda the back-bender used to have me in the twister  
Grabbed her up and left her at the Buena Vista  
Chelsea used to tell me choke her while I stroke her  
Stuck a Heineken bottle up in the ass, a real joker

Used to run my bubble bath, tons of laughs, sexy chick  
Mad skills, she used to try to eat my excrement  
Used to play Atari 1200, baby-sitter made me kiss her  
Put hickeys on her stomach

Toya was a tomboy 'til we played catch a screw  
Had her out past her curfew, Sheila had this perfume  
That drove a nigga wild, was a child then, Gertrude  
Used to put my face in her crotch

Spun my tongue around in a circle while she watched  
Eiserea knew I was a player, brought Fatima, loud  
screamer  
While I blew clouds of reefer, they sucked juice out my  
urethra  
While Marvin Gaye pumped from the speaker

Remember the times I hung with the dimes  
Remember the times I fucked a few  
Remember the times I hung with the dimes  
And all the wild things I used to do

Remember the times I hung with the dimes  
Remember the times I fucked a few  
Remembering the times it was on my mind  
But none of them could touch you

Was only scared of them STDs, syphilis, VD and herpes  
Daffy Duck-lookin' bitch burnt me, correction  
Urinary tract infection, what I got for no protection  
Was a horny dog, mornings waking up with a log

Dick stuck to my draws, wet dreams in the mind  
Of a one-of-a-kind sex fiend, Justine was luscious  
Wanna cuff us when fucked us, me and her best friend

This thick Texan named Tamika, English teacher

Wedding ring on finger, bent her big ass over  
The fold-out sofa, the weather was cold and Loretta  
Would throw on nothing but a thong under the coat and  
Put a show on just to show me she loved me

She would undress and wait in zero below weather  
In slippers and a sun dress for me to arrive  
Kept a freak in the ride with her head in my lap  
The steering wheel's high

Remember the times I hung with the dimes  
Remember the times I fucked a few  
Remember the times I hung with the dimes  
And all the wild things I used to do

Remember the times I hung with the dimes  
Remember the times I fucked a few  
Remembering the times it was on my mind  
But none of them could touch you

Thank God I got bank God, so fuck pimpin'  
Fuck broke condoms, pills and penicillin  
Abortion clinics, I was one of the best who did it  
Lesbian shit, wheelchair girls and midgets

Twin sisters, cousins, mothers and daughters  
Some wasn't no quarters, long chin, some with funny  
odors  
Long blond weaves, overweight, cottage cheese  
Some I paid college fees, then they strip tease

And it's sad I don't remember great times that made  
me drool  
And the sex gave me flashbacks when I was like eww  
Mature with it now dog, here's the side of Nas  
Principles are lined up, things prioritized

Se mama I left that alone, faded memories  
The reason that I'm grown  
It'd be senseless for us to lie about our old experiences  
No longer are we tempted

Remember the times I hung with the dimes  
Remember the times I fucked a few  
Remember the times I hung with the dimes  
And all the wild things I used to do

Remember the times I hung with the dimes  
Remember the times I fucked a few

Remembering the times it was on my mind  
But none of them could touch you
