[Verse 1: Nas]

It's the late night greasy spoon patron
Poolhall making
Big bets, midsection got the 8 in
Dior Christian pimpin'
Got that penal system diction
Riffing, you don't want it you snitchin'
Spit a few at a traitor with that new AR
Try to kill me I'm the leader, that's coup d'etat
Streetsweepers in that CoupÃ© all black
Bitches want my chipped tooth back
Steel mac, so my kufi never gets smacked
Squeeze a fifth with a grip as I dip
From the paparazzi
Still playing numbers you can't stop me
Still wearing bundles, and spark weed
If I ever say "Queens get 'em", you know they got me
Success, scandal, bone deep, personal beef
So lead by example, or get trampled
Since Hip Hop Is Dead, this is the N
Congratulations in order 'cause we did it again

[Hook: Nas]

Don't hate me now, congratulate me now
I'm still getting it and don't even love the doe
Don't hate me now, congratulate me now
I'm still ripping, and I don't even love the hoes
Still getting it and don't even love the doe
Steel gripping it, you know that I tug the fo'
Stay splifted 'cause you know that I love the dro

[Verse 2: Nas]

The style is taboo, the chain's offensive
Brain on airplanes, Gucci frames are vintage
The two Tec Don in Yukon's and Benzes
Chicks who suck other chicks tits like infants (wow)
The Apprentice but not Trump
I'm the nigga with glocks and pumps
That you don't see much
Sucker free from chumps
Homes with cobblestones in front of 'em

He's got guns in cummerbunds, so understand you
under son
Don't make me have you running from a hundred guns
Don't make me grab your only son
I'm coming from
A place Tanqueray and weed's the only escape
From phonies who hate
When you rolling with papes
That's why the god party with juicy models
They mob me, Denali, Charlie Luciano - hardly
Have to tell y'all, I kill y'all
For spitting songs that involve me nigga
Original verbal assassin, have to carve me a nigga

[Hook: Nas]

Don't hate me now, congratulate me now
I'm still getting it and don't even love the doe
Don't hate me now, congratulate me now
I'm still ripping, and I don't even love the hoes
Still getting it and don't even love the doe
Steel gripping it, you know that I tug the fo'
Stay splifed 'cause you know that I love the dro
