[Biz:] Yo this is funky - Ayo wussup fellas?

[AZ:] Wussup Biz and peace, how you?

[Biz:] Yea, I'm aight, I'm aight

[AZ:]

Yea, yea, check it out

I see today's mathematics as being understanding,  
you know?

Understanding is having the ability to see things  
clearly

For what they are not what they present theyself to be  
It completes the cipher, youknowwhatI'msaying?

It's also about to the black child which is the best part  
Ayo, son, represent

[Nas:]

Now I'm the average nigga in the street like God

I try to beat trife art, ride my elite through the night fog  
and park

It's Buddha 'til we spark, it's consistent

The beast smells the el because it travels long distance

Cruising in his Chrysler, perusing niggas in my ciphers

Thoughts wilding like insane asylum on Rikers Island

Verbal assassin, I murder freestyling

One two for the gun crew, three drinking Cristal and

I play the side 'cause the words of man kill

Proverbs, buck out my grill, real as I'll Will, peep still

Nobody move nobody die, why must be I high?

Busting in trife bitches, touching mic switches

It's like a hot spoon of heroin, a Dom like Perignon

Females love the guns I be wearing

Plant my seeds to live infinite, indeed in my sentences

I pull demanding, that's understanding

[Nas:]

850 Tempo but rugged like a Pinto

Chop shop hip-hop, burning block intro

High priests release voodoo, dÃ©jÃ vu and this taboo

Illmatic shit and what have you

Chef cocaine cook, no brain got the proper diction

My competition bleeds words and weed blurs my vision

I'm freezing in time, stops the rhyme

I'm sober in stolen Range Rover much crime  
I, stick up America, Nas in your area  
Disrupt the sound barrier, clowns get pounds of terror  
A full whip for more clips then Clint has in his era  
Dirty Harry, cold black the uncanny, a Kojak  
A beretta sticking up trucks carrying amaretto  
Clever to entice 'em, herbs I'm micing while I'm pricing  
Niggas like they're slaves, best behave I'm the nice one  
Nas; broke it down for Nasir, please protect your  
Pop Dukes, resurrection international hoes, I'm sexing  
Or you'll be fucking one section, question?  
Does a lonely mic give me an erection?, yes, son  
On a float like the jets of futuristic papamisitit  
Bust it, try and diss while my finger is on the iron and  
biscuit  
I rhyme terrific spark a land like the diamond district  
It's understanding
