From Willie Lynch to Willie Hutch
Right on
We superfly
Made Gucci this shit, Louie too
Suits and ties
Player trophies
Pray to Goldie
Picture wax museums full of Black Panther triple OGs
Aunt Jemima hos
Historic horse shit
Girls from long time ago
Stagecoach with the horse, kid
Witch doctors
Good old pickpockets
Sip moonshine
So-called coons, shines and darkies
I love ya'll
Pyramids to cotton fields to Wrigley Fields
Forgotten men who didn't get killed
Crispus Attucks
The first blast and peace to the rich lady
Purse snatcher shot in the back
I know your hunger, kid
I know they hung your dad
Burnt your mama crib
I know that hurt you bad
Mystery shows
From gold to shackles and back to gold
We act like we home
Matter fact, we are home
Bad attitudes
Octaroon skin tones
Slave food turned to soul food
Collards and neck bones
Betsy Ross sewed the first American flag

Bet she had a nigga with her to help her old ass

As James Baldwin says
You can only be destroyed by believing
That you really are what the white world considers
A nigger

No matter how hard you try
You can't stop us now

Can't be stopped
Yo on Dateline
The other night they showed hate crimes
Gave a Blood time
Cause he fought with his canine
Bestiality
Humane Society
Go to China, see how they dine
See what they eat
Better yet ask PETA whoever
Which animal makes suede
If not for suede would you have survived the Dark
Ages?
Cannibal ways of the anti-Caucasians
Still you like your steak tartar
Pinot noir
David's star on the chain of Sammy Davis
He helped pave the way for Southern crankers and
them Harlem shakers
Now we getting our papers
And try to censor the words
To stop our money coming
But you can't escape us
Haters
