(Intro)

You're my lady  
Always been so true  
This is why I sing this song for you  
And you're my lady, always in my life  
And I wanna thank you for bein down to ride

Forever yours forever mine  
Our love will always shine  
No matter the situation you were always by my side  
Nevertheless you brought the best of me  
The years that I lived  
Only love that I got  
My right hand, my best friend  
Who must've sent such an angel to this world that is  
cold  
You belong in the heavens not this ignorant world  
You're my girl, my all  
Best thing a man could ever have  
I'm glad that you're mine and I'm proud to be your man  
Understand that there is no other  
If there is just a few  
Staying true like you  
Never breaking no rules  
Lord forgive me for the things I have done to you  
If you weren't up in my life I wouldn't know what to do  
Won't complain about no money  
Didn't faze when I was broke  
All we needed was each other  
Love too strong to let go  
If I die tonight all I wanna let you know  
Remenisce on what we had, hold me tight and don't let  
go girl

(Chorus)

Oh girl  
You're the one for me  
Never ever let me down  
You will always be around  
Girl, I have to thank you baby  
Always standin by side so don't you ever leave my life

Even thru these hard times we continue to face  
It's like deep inside of me you could never be replaced  
Like when we struggle, we get tested in faith  
But you been strong and stood by me every step of the way

I thank the Lord for the day he brought you into my life  
Changed my world, my destiny and gave me new life  
So if you got somebody special that's always been true  
Show love and take note in everything that they do  
I could never take for granted what she's done for me  
Even when disagree she still stands by me  
Late night road trips, showin mad support  
The tyga girl that every homie should be keepin close  
'cause you're the tyga girl that never let me down  
Encouraged me to see the light when no one else  
would come around  
Down when I had money, down when I was broke  
So if I die tonight hold me tight and don't let go

(Chorus)

You had me sprung pretty girl off of the first kiss  
You touched my soul on the first kiss  
Is this a dream?  
Please God don't wake me up from this dream (don't  
wake me up)  
And Lord knows my heart was created to be yours  
And if I only had one night left  
My last wish is to be in your presence  
And even if I couldn't reach out to touch you  
Pictures of you would get me thru all the hell I gotta go  
thru  
I don't know where I was going til I found you (I didn't  
know)  
What can I say (what can I say?)  
I was lookin for love in the wrong places  
These emotions I can't hide, I can't lie  
I'd lay it down on the line for you  
And like my music I'ma ride, I'ma die for you  
Forever true even though my profession attracts  
beautiful women  
I'ma always live my life for you and this's true  
All I wanna do is be with you

(Chorus)

Don't you ever leave my life my life my life  
Don't ever ever ever leave  
Never leave my life  
I want you by my side

Baby girl  
You are you are my only one
