Darling, I know your heart seen better times
I know our songs have better rhymes, before today
Darling, I guess I made the wrong mistakes
I understand if you need your space
Please take your time

[Hook]
Before you go away,
So far away
You need to realize

[Chorus:]
Babe it's not just you,
You know it hurts me too
Watching you leave with tears on your sleeve
Notice that mine are not exactly dry
Babe it's not just you,
That's hurting, it's me too

I'm sorry, I wasn't there to catch the fall
I didn't hear you when you've called
All of those nights,
Please don't forget the good days with me
I can make back the heart aching beat
When it gets dark and it's hard to see,
I'll turn on the lights, so

Before you go away,
So far away
I really need you to know

Babe it's not just you,
You know it hurts me too
Watching you leave with tears on your sleeve
Notice that mine are not exactly dry
Babe it's not just you,
That's hurting, it's me too

[Bridge]
I'm not giving up
You don't have to leave

I am willing to beg 'till I break my knees
I believe in us, don't give up on me
Girl I know that you're hurting
And I'm sorry for the pain
I promise that I'll change
Forgive me, forgive me

Babe it's not just you, (just you)
You know it hurts me too (cause I love you)
Watching you leave with tears on your sleeve (don't you
notice)
Notice that mine are not exactly dry (not exactly dry)
Babe it's not just you, (it's not just you babe)
You know it hurts me too
We had it all, how could we fall?
Babe I thought we would never die

Babe it's not just you
That's hurting, it's me too

Not just you,
Babe it's not just you, Babe it's not just you [x6]
