No Longer There
(Print the Lyrics)

Baby, baby i miss u
I need you here with me
My life is incomplete
How i long to see your face
I miss your pretty smile
Without you there's no me

Tell me how can i move on
Show me how to carry on
When you're no longer there
And tell me how can i be strong
When my happiness is gone
If you're no longer there

I close my eyes and let the rain fall from the sky
And wish that i had never ever made you cry
Regardless of what circumstances be
You kept your word and your promise to always honor
me
So what i gotta do to make this up to you
How can i make you feel the love that i still have for you
Did i lose your trust, did i lose my mind
Did i lose the gift the lord sent me from the sky
I guess that you could say i kinda went to far
Played my selfish little games that only broke your
heart
Into a million pieces when you laid there and cried
And all that i can do is say i'm sorry i lied
Remember when i told you that the day that i die
I want you to be the only one right there by my side
You've been my happiness, my best friend, my
everything
And even though my words means nothing
I love you to the end

Tell me how can i move on
Show me how to carry on
When you're no longer there

And tell me how can i be strong
When my happiness is gone
If you're no longer there

How can i be strong knowing now that you're gone
I reminisce from the days you used to hold me in your
arms
Shed tears every night, something i've never done
before
The life of a player, wasn't worth losing my girl
You're my world and i need you
I'll do anything to see your face over again
I lost more than just a friend
Till the end i will love you, you will never be replaced
The emptiness inside me, living this unhappiness
Tell me how can i move on, it's like i'm living a sad
song
Just to hear you breath or the sound of your voice
You were the light in my life, i was afraid to let you go
The days go by, don't wanna live no more
If i could touch you one last time
Show me a sign, i'll be there
I hold my head down 'cause you're no longer there
But i know you're in the heavens, looking down at me
How could the sweetest girl in the world be taken from
me?

So baby, baby i miss u
I need you here with me
My life is incomplete
How i long to see your face
I miss your pretty smile
Without you there's no me

Tell me how can i move on
Show me how to carry on
When you're no longer there
And tell me how can i be strong
When my happiness is gone
If you're no longer there...
