Are coming here or am I dreaming?  
I'm confused and I don't believe it  
I don't know why but you're watching me

A sword in my heart that makes me crazy  
I can feel this pain but I'm so lazy  
To move my ass and to say something

I want from you only a chance  
I don't wanna be only a friend  
It's a thing that makes me insane  
Talking to you can destroy my brain  
I wonder if you feel the same...  
The same for me

There's a voice that's screaming inside my head  
For everytime that I've suffocated it  
My emotions are ready to explode

When I see you I don't wanna leave you  
I'm not joking, yes, I really need you  
I just need the balls to say something

I want from you only a chance  
I don't wanna be only a friend  
It's a thing that makes me insane  
Talking to you can destroy my brain  
I wonder if you feel the same...  
The same for me

The same!
