I can feel the devil on my shoulders,
suddenly my smile is upside down,
the cold inside my heart
it just grows colder,
try to move my feet but there's no ground..

And the fire waves like mountains
when its burning through your dreams,
and so i close my eyes
and i ask you, please..

You've saved me once,
please save me once again.
I swear this time,
my life is in your hands..
Angels in the sky i need your love,
Angels in the sky i need your love,

Everything i choose is from tempation,
never made a choice to help a friend.
Ohh selfish thoughts they cloud my inspiration
and i will be alone here in the end.

The fire waves like mountains
when its burning through your dreams.
there's no one else to turn to,
i'm bagging on my knees..

You've saved me once,
please save me once again.
I swear this time,
my life is in your hands..
Angels in the sky i need your love
Angels in the sky i need your love

If i don't belong here take me with you
If I'm a wasted soul then i don't deserve to be here..
I don't deserve to be here!

And the fire waves like mountains
when its burning through your dreams,
and so i close my eyes

and i ask you, please..

You've saved me once,
please save me once again.
I swear this time,
my life is in your hands..

Angels in the sky i need your love,
I need your love..
Angels in the sky i need your love.
Angels in the sky

I need your love..
save me.
