Heeey, ohooo oh  
Baby  
Listen to me!

I made dinner reservation at 8,  
I'm sitting here, watching you change  
You're slipping into your pants  
I wanna volunteer, but hey  
I'm thinking we shouldn't go out  
I see it another round  
Is leading me to the bed.  
You heard what I said, baby

Hook:  
Come to me, tell me what you want  
What's happening, sexy beautiful  
Girl You can have my ear,  
You can, You can have my ear,  
Girl, when you're ready  
I'ma put that thing in you baby  
Dive in dive in  
Dive into your love  
You know I really want  
Dive in dive in  
Dive into your love.

Time's rollin' in, and pressure is on me  
Front stroke baby, I'm going deep  
Your rhythm, my rhythm all night  
A little one two three, don't stop.  
I'ma keep on spitting these lies  
Til your body's on top of mine.  
Telling you how you'll see the sun  
And we've only begun, so

Hook:  
Come to me, tell me what you want  
What's happening, sexy beautiful  
Girl You can have my ear,  
You can, You can have my ear,  
Girl, when you're ready

I'ma put that thing in you baby.  
Dive in dive in  
Dive into your love  
You know I really want  
Dive in dive in  
Dive into your love.

Come to me  
(Dive in dive)  
You can, You can have my ear,  
Girl, when you're ready  
I'ma put that thing in you baby.  
I take off your shirt  
You take off my shirt  
Before you know it  
We're on the floor,  
You and I take over.  
?? Touch, your touch

Our lips are crashing,  
Our bodies splashing  
I'll cover it with the Tower ??  
If you were the rush, rush rush

You sexy sexy girl, dive in(dive in dive in)  
Dive in dive in  
Dive into your love.  
Dive in dive in  
Dive into your love  
You know I really want  
Dive in dive in  
Dive into your love.
