hey girl there's something on my mind
and it's making me want it all the times
it's nothing bad just the thought i had
inspired by the sexy way you laugh
(?)

i'm not concerned about the half a dozen miles on us
i can try to stop from shaking and just let it be
or you can start the demonstration with just your hands
on me

put your hands on me, put your hands on me
girl my body's waiting for you to
put your hands on me, put your hands on me
lets do something crazy
put your hands on me, put your hands on me
girl my body's waiting for you to
put your hands on me, put your hands on me
put your hands on me, put your hands on me
lets do something crazy

hey shorty it's not like it's a crime
don't be afraid to let your fingers slide
don't play it safe i'm not your training bike
you can work this thing anyway you like

put your hands on me, put your hands on me
girl my body's waiting for you to
put your hands on me, put your hands on me
lets do something crazy
put your hands on me, put your hands on me
girl my body's waiting for you to
put your hands on me, put your hands on me
put your hands on me, put your hands on me
lets do something crazy

so fine, so beautiful
you turn me on everywhere we go
and i just wanna keep you close
and show you things that you never know
so fine, you are so beautiful
you turn me on everywhere we go

when you're around i want to explore
and give you love like a (?) ball

put your hands on me, put your hands on me
girl my body's waiting for you to
put your hands on me, put your hands on me
lets do something crazy
put your hands on me, put your hands on me
girl my body's waiting for you to
put your hands on me, put your hands on me
put your hands on me, put your hands on me
lets do something crazy
