i woke up this morning with the feeling of regret  
yesterday we said something too cold to forget  
we have never been the type to use each other's faults  
lately (?) and lately it has felt so difficult  
and you seem so different

you've changed, you've changed  
please don't go, don't go, don't go  
if you still love me don't walk out that door  
say you'll stay, please stay, please stay  
if you still want me baby don't walk away  
this is just a hick up  
this is just a hick up..

i don't wanna start this over, i am happy here  
the house, the cars, the life of ours just can't disappear  
now you're on a different page and i don't have a clue  
i'm flipping through the book and i can not find who i  
knew  
and you seem so distant

you've changed, you've changed  
don't go, don't go, don't go  
if you still love me don't walk out that door  
say you'll stay, please stay, please stay  
if you still want me baby don't walk away

please don't go, don't go, don't go  
if you still love me don't walk out that door  
say you'll stay, please stay, please stay  
if you still want me baby don't walk away  
this is just a hick up  
this is just a hick up  
this is just a hick up  
this is just a hick up..
