People don't know
Cause they don't try
When love unfolds
You gotta hold it tight
I see your soul
In tune with mine
I want you close
I'm more than willing to devote my life

I promise you forever
It's all I have to give
I promise you together
Is the only way we'll live
I promise you we'll surf with no limitations
Babe everything you need I'll provide
I blame on the love
I promise you forever

Hey, I carry the weight
Away from you
I take the pain
If you need me to
You have my shoulder
And my heart is yours
As we get older
You'll never hear me say
That I'm not sure

I promise you forever
It's all I have to give
I promise you together
Is the only way we'll live
I promise you we'll surf with no limitations
Babe everything you need I'll provide
I blame on the love
I promise you that

We'll see the world together
Side by side, there's nothing better
You don't have to put away your dreams
You'll see (You'll see)
You will not, without a doubt

Babe you'll forever be my queen
Oh leave it to me
Promise you forever
It's all I have to give
Oh Yeaah

I promise you forever
It's all I have to give
I promise you together
Is the only way we'll live
I promise you we'll surf with no limitations
Babe everything you need I'll provide
I blame on the love
I said I promise you forever
I said I promise you forever
Yeaah
