"Stop The World"

Visit "[Stop The World](#)" on MotoLyrics.com

Don't throw away the ring, Love,
We can make it through the rain, Love,
I know it hasn't been the same, Love,
But girl I haven't really changed, Love,

I know you get to kiss, Me,
And when I leave you always miss, Me,
But If I Could take you with, Me,
You know I would take you with, Me,

So don't hang up the phone, Now,
I'm not ready to go, Now,
Without a fight,
Somebody,

Stop the world,
I don't want to, Lose my girl,
I just need a,
Second of time to show her that I love her,
Second of time to kiss her and hug her,

Stop the world,
I don't want to, Lose my Girl,
I just need a,
Second of time to show her that I mean it,
Stop the world, My baby's leaving,

Stop the world, For my love,
Stop the world, For my love,
Stop the world, Stop the world stop it,

Don't throw away the dream, Love,
Cause we'll always be a team, Love,
And if you really want to scream, Love,
Go ahead,

Ay, Can I be there when you call, Me,
I know all you wanted was to hold, Me,
I should have known that you were lone-ly,
Baby tell me it's not to late,
My heart,

So don't hang up the phone, Now,
I'm not ready to go, Now,
Without a fight,
Somebody,

Stop the world,
I don't want to, Lose my girl,
I just need a,
Second of time to show her that I love her,
Second of time to kiss her and hug her,

Stop the world,
I don't want to, Lose my Girl,
I just need a,
Second of time to show her I that I mean it,
Stop the world, My baby's leaving,

Stop the world, For my love,
Stop the world, For my love,
Stop the world,

You say you don't know what you got until it's gone,
But I know exactly what I've had all along,
I'm sorry I took you for granted,
Promise that I'll never forget it,

Stop the world,
I don't want to, Lose my girl,
I just need a,
Second of time to show her that I love her,
Second of time to kiss her and hug her,

Stop the world,
I don't want to, Lose my Girl,
I just need a,
Second of time to show her I that I mean it,
Stop the world, My baby's leaving,

Stop the world, For my love,
Stop the world, For my love,
Stop the world
