whats your choice and whats your reason?  
whats your neverending question why?  
whats your name and whats your number?  
(you know your name, know your number)  
IT'S JUST SO DIFFERENT THAN BEFORE  
BUT I JUST HAILED ONE DIFFERENCE MORE  
DON'T MAKE ME FIT THIS CHANGE  
LET ME BE READY FOR THE COZEN  
DYSORIENTATED-BUT FREE AT LAST  
DYSORIENTATED-BUT FREE AT ALL  
i wish the silence (would) turn to noise

then turn it down on low again  
i wish all monsters (would) disappear  
to let them out, to go/kill again  
i shook my head, not only trying to remind  
i shot my head, not only trying to forget  
i wish the silence (would) turn to noise  
then turn it down on low again  
i wish all monsters (would) disappear  
to let them out, to go/kill again
