Don't count in my plans or in my decisions
'Cause I live in a world of illusions
I'll never come back home 'cause I wanna be alone
I'm roaming in this place lost in the unknown

I see the smiles in my empty eyes
And this is the thing that I like
I'll never come back home 'cause this is what I want
In this place where I'm walking I can talk with the clouds

Don't believe me
Don't do this
Don't search me
I'm away
I don't wanna see your face anymore
And I really think I am lost

The trees are dancing, I can't believe it
These colors can cross all my mind
I'll never think of you now that I've found my home
The flavour of these colors is all that I want

No one can call me, no one can hear me
No one can feel what I'm feeling now
I'll never think of you now I lost my control
I'm screaming now I'm screaming I just wanna be alone

Don't believe me
Don't do this
Don't search me
I'm away
I don't wanna see your face anymore
And I really think I am lost

I never care...
And I never care if I never care

Don't count in my plans or in my decisions
'Cause I live in a world of illusions
I'll never come back home 'cause I wanna be alone
I'm roaming in this place lost in the unknown

I see the smiles in my empty eyes
And this is the thing that I like
I'll never come back home 'cause this is what I want
In this place where I'm walking I can talk with the clouds

Don't believe me
Don't do this
Don't search me
I'm away
I don't wanna see your face anymore
And I really think I am lost

I'm lost!
