I'm walking, I'm drunk and I don't know what to do
I'm thinking and I'm burning, I'm sitting here and I think
of her
The imagination takes me in her room with her
I can't do anything 'cause she's with her boyfriend

Looking the stars
I'm feeling lonely
There's no place to go
I think of her face
I try to make her smile now
I can make her smile now, I wanna make her smile
again

She's the best, she's the best, she's the best
She's the best that I've found

She's the best, she's the best, she's the best
She's the best that I've found

I'm walking, I'm drunk and I don't know what to do
I'm thinking and I'm burning, I'm sitting here and I think
of her
The imagination takes me in her room with her
I can't do anything 'cause she's with her boyfriend

Looking the stars
I'm feeling lonely
There's no place to go
I think of her face
I try to make her smile now
I can make her smile now, I wanna make her smile
again

She's the best, she's the best, she's the best
She's the best that I've found

She's the best, she's the best, she's the best
She's the best that I've found

And sometimes if I sleep at night...
In all my dreams, she's always there

She's the best, she's the best, she's the best
She's the best that I've found

She's the best, she's the best, she's the best
She's the best that I've found

She's the best, she's the best, she's the best
She's the best that I've found

She's the best, she's the best, she's the best
She's the best that I've found
