Are coming here or am I dreaming?
I'm confused and I don't believe it
I don't know why but you're watching me

A sword in my heart that makes me crazy
I can feel this pain but I'm so lazy
To move my ass and to say something

I want from you only a chance
I don't wanna be only a friend
It's a thing that makes me insane
Talking to you can destroy my brain
I wonder if you feel the same...
The same for me

There's a voice that's screaming inside my head
For everytime that I've suffocated it
My emotions are ready to explode

When I see you I don't wanna leave you
I'm not joking, yes, I really need you
I just need the balls to say something

I want from you only a chance
I don't wanna be only a friend
It's a thing that makes me insane
Talking to you can destroy my brain
I wonder if you feel the same...
The same for me

The same!
