I make a date for golf, you can bet you life it rains  
I try to give a party and the guy upstairs complains  
I guess, I'll go through life just catchin' colds and  
missin' trains  
Everything happens to me

I never miss a thing, I've had measles and the mumps  
And every time I play my ace, my partner always  
trumps  
I guess, I'm just a fool, who never looks before he  
jumps  
Everything happens to me

At first, my heart thought, you could break this jinx for  
me  
That love would turn the trick to end my despair  
But now, I just can't fool this head that thinks for me  
I've mortgaged all my castles in the air

I've telegraphed and called, I sent, air mail special too  
You answer was goodbye and there was even postage  
due  
I fell in love just once and then it had to be with you  
Everything happens to me
