(robinson, stamford)

Maybe I talk too much,
Maybe I've lost m' touch.
I guess I don't know what's cookin'
'cause I just can't see for lookin'.

Other boys have their chicks,
Two, three, four, five or six.
I don't seem to get a bookin'
'cause I just can't see for lookin'.

I'm kinda crazy,
Like a daisy
Up that well known tree, poor me.
I'm sittin', hopin',
Horoscopin'
Won't some sista take a chance with me?

I've been around the town,

Everyone brings me down.
I give up hope, I'm just a dope.
There ain't no gals for hookin',
I just can't see for lookin'.

~interlude~

I've been around the town,
Everyone brings me down.
I give up hope, I'm just a dope.
There ain't no gals for hookin',
I just can't see for lookin'...

No, just can't see for lookin'...
No, no.
