

Nat King Cole "I Like To Riff"

I like to riff
I like to riff
Riffing is the thing for me

I like to riff
'Cause it puts me solid in the groove
I like to riff, oh, it's a solid killer
Riffing is the thing for me

If you want to be a sender
Knock your friends
On the deuce or bender
Grab the major scale and run it

Zip, I like to riff
'Cause it makes you feel so fine
I like to riff, it takes your troubles off your mind
Riffing is the thing for me

You can riff like this
Riff like this

I like to riff
'Cause it makes you feel so fine
I like to riff
Takes your troubles off your mind, riffing
Riffing is the thing for me
