Just in time, just in time, I found you just in time
Before you came, my time was running low
I was lost, the losing dice were tossed
My bridges, all were crossed, no where to go

Now you're here and now I know just where I'm going
No more doubt or fear, I found my way
Love came just in time, you found me just in time
And changed my lonely life, that lovely day

Now you're here and now I know just where I'm going
No more doubt or fear, I found my way
Love came just in time, you found me just in time
And changed my lonely life, that lovely day
And changed my lovely life, that lovely day
