With Stan Kenton

The moon comes out  
And the sun goes down  
Everything in life  
Goes round and round

But my love goes on and on  
My love goes on and on  
Nothing in the world  
Can change my love for you

Like the cat told the bird  
On the window sill  
I'll be loving you from now until

My love goes on and on  
My love goes on and on  
Nothing in the world  
Can change my love for you

You keep my heart jumping, flip flop  
You keep me feeling tip top  
When everything else is long gone  
My love will still be going strong

You make me mad  
For a little while  
But I get so glad  
When I see you smile

My love goes on and on  
My love goes on and on  
Nothing in the world  
Can change my love for you

My love goes on and on  
My love goes on and on

You keep my heart jumping, flip flop  
You keep me feeling tip top  
When everything else is long gone

My love will still be going strong

You make me mad  
For a little while  
But I get so glad  
When I see you smile

My love goes on and on  
My love goes on and on  
Nothing in the world  
Can change my love for you

Nothing in the world  
Can change my love for you

My love
