Come, my love, with me
Across the sea;
Return to paradise.

All in life worthwhile
Is on that isle;
Return to paradise.

*Velvet moon above
Evil turns to love,
Love evermore.

Come with me and find
Your peace of mind;
Return to paradise.

(Instrumental interlude and pick up at bridge*.)

*Velvet moon above
Evil turns to love,
Love evermore.

Come with me and find
Your peace of mind;
Return to paradise.
