I only want what's the best thing for you  
And the best thing for you would be me  
I've been convinced after thinking it through  
That the best thing for you would be me

Ev'ry day  
To myself I say  
Point the way  
What will it be

I ask myself what's the best thing for you  
And myself and I seem to agree  
That the best thing for you would be me

(Instrumental)

Yes the best thing for you would be me

Yes the best thing for you would be me

Ev'ry day  
To myself I say  
Point the way  
What will it be

I ask myself what's the best thing for you  
And myself and I seem to agree  
That the best thing for you

Yes the best thing for you would be me
