This isn't sometime, this is always  
This isn't maybe, this is always  
This is love, the real beginning of forever

This isn't just midsummer madness  
A passing glow, a moment's gladness  
Yes, it's love, I knew it on the night we met

You tied a string around my heart  
So how can I forget you?  
With every kiss I know that this is always

Yes, it's love, I knew it on the night we met  
You tied a string around my heart  
So how can I forget you?  
With every kiss I know that this is always, always,  
always
