iPods, cellphones, rap music, snow cones,  
Tom Cruise, Katie Holmes, watching the old Rolling  
Stones  
Paul Newman, James Dean, Marlon Brando  
Steve McQuene, Marshal Mathers, Akon and James  
Brown  
Is going strong

Iraq War, Candie Stores,  
And Mr. Al Gore  
Bono, DiCaprio  
Better than the unknown  
Darfur  
Corners wall  
Global warming  
People stall  
Bin Laden  
Trade center  
And all the deaths  
Do you remember?

The world  
As we know it today  
The World  
As we know it today

Chevy, Ford, Mustangs  
Jaguar into Spain  
America is in debt  
You might get upset  
Paul McCartney  
Back again  
That is such a blessing  
Computers, iTunes  
Albums by the soul  
So, anyone can make a movie  
Everyone just seems so stupid  
Television  
Rules the world  
The minds of little boys and girls  
All the people in Katrina  
Need a place to live

Sad to hear  
Jamba Juice  
And fricken  
Kous-Kous

The world  
As We know it today (x4)

Techno, picture phones  
Brand names, sticks and stones  
Hip-Hop, China  
Gangstas, Flo Rida  
East Wood, Dr. Dre  
Timberland's hayday  
Lohan, Hilton, Richie  
And Britney Spears  
O.J. Simpson  
Fighting off his demons  
LA palm trees  
New York taxis  
Nukes in America  
Cause a Hysteria  
Charles Manson  
Helter Skelter  
We need a homeless shelter

The World  
As we know it today (x6)  
The world
