Church bells resounded like judgement day  
As they were making love  
In the rainswept graveyard  
She fucked him hard, silhouetted by flame  
A monsoon Tigress set upon prey

Fall for the love of me  
Crawl for the love of me  
Drool for the love of my virulent sway  
I grow more master the faster the days

Lilith Immaculate

This delectable reaper  
Her eyes were profound  
Drawing him in deeper  
Until he was drowned  
Hurled on the shore  
Of the world underground...

Lilith Immaculate

Mortal kind, a morbid wine  
For this dark moon goddess  
And freed to stretch her claws  
This beautiful whore  
Would be brutally honest

Tortuous one, taboos undone  
A glittering star on a sea of myriad waves  
And a thickening mist, a seductress  
Leading lovesick hearts astray

Lilith

In the throes of orgasm, she bucked and he broke  
At the height of the storm, the chaos they'd smote  
Burning behind her in arabesque smoke  
Framed a vision transformed as she sucked from his  
throat

Victoria smiled, her now golden eyes

Possessed a regal bearing  
Of omnipotent power  
From wet lips to her smouldering thighs  
Her beauty perfected and her will agonised

Fall for the love of me  
Crawl for the love of me  
Drool for the love of my virulent sway  
I grow more the master the faster the days

Lilith Immaculate

With dread single purpose  
Her mind told him stay  
She strode through the fire  
Desire aflame  
She murdered the nuns  
In such horrible ways...

Lilith Immaculate

"That night we lay entwined on hay  
Inside a soldier's barn  
Her panting breath an opiate  
As in her bolder grasp  
I caught the scent of desert sands  
The Holy lands, the fall of reason  
But only when I smelt the blood  
Did I fear her colder hand"

"I am darkness, I am sin  
The Queen of lust invited in  
Reborn at last to cast my  
Fecund shadow on this world,  
You shall worship me, enslaved  
For many lovers shall I crave  
And in return, I'll gladly pave  
Your psycho path with pearls

For I have been grating  
And waiting so long to find  
The most perfect hostess close to me  
Whose thin-ice troubled mind  
Was like a cracked, black ornate mirror  
To slip right through in time  
When at last I wore Harmonia's necklace  
The cursed twin serpents mine"

Tortuous one, debauchery won  
The attention of Emperors, Princes and Tsars  
For the toll of her kiss, no soul could dismiss

The advance of her throne from afar

This English rose with traits of those  
Who graced the harems of the East  
Adorned with thorns, she raised the horns  
And scarlet hems to wasted priests

Fall for the love of me  
Crawl for the love of me  
Drool for the love of my virulent sway  
I grow more master the faster the days

Lilith Immaculate

This delectable reaper  
Her eyes were profound  
They drew him in deeper  
Until he was drowned  
Hurled on the shore  
Of the world underground...

Lilith Immaculate

Fall for the love of me  
Crawl for the love of me  
Drool for the love of my virulent sway  
I grow more master the faster the days

Lilith Immaculate

The flutes and sweet wine  
Of her voice anodyne  
Her power was growing  
Every hour malign  
The truth, Lilith's kingdom  
Drew closer with time
