Hello baby, you know  
It's not about you today  
This is my body

Hello baby take it higher  
You leave me fire, you're my desire  
Hey yo, it's getting tighter  
Don't be a liar, I'm your desire

Hey you, look around you  
Woop woop, it's not about you  
Hey you, all I want is jazz

Hey you, don't be a damn fool  
Tonight you're gonna have to  
Woop woop, play with me this jazz

(Hey hey) I don't wanna (Hey hey) be your lover  
(Hey hey) I don't wanna be your (Hey hey) be your lover  
(Hey hey) I don't wanna (Hey hey) be your lover  
Shoop-de-doop-boop, all I want is jazz

Shoo-be-dooby, I came to party  
Bring me back, I know it's naughty  
What about you? Shake your body  
And I'm gon' think about that after party

A-dooby-dooby, a dooby-do-wah  
A-dooby-dooby, a dooby-do-wah  
A-dooby-dooby, a dooby-do-wah, let's jazz
