Dudududu ho  
Oowooh

I've been waiting for so long baby  
'Cause all I need is to be with you  
I guess we're all looking for somebody  
To hold in this world that's so cruel

I have this appetite for love  
We can tear me apart  
What I need is just something  
Someone we can trust in  
I be running out of turns  
To just say the kind of things  
But my heart wants to say

Give me joy, give me soul, give me pain  
Give me hope, give me sun, give me rain  
Give me all baby, all that you can  
Give me love, give me love

Give me joy, give me soul, give me pain  
Give me hope, give me sun, give me rain  
Give me all baby, show me you care  
Give me love, give me love

So lose yourself if you feel me baby  
All you need is to speak your heart  
You should know, someone's waiting for you baby  
And this day, don't forget what you want

Give me joy, give me soul, give me pain  
Give me hope, give me sun, give me rain  
Give me all baby, all that you can  
Give me love, give me love

Give me joy, give me soul, give me pain  
Give me hope, give me sun, give me rain  
Give me all baby, show me you care  
Give me love, give me love

Give me joy, give me soul, give me pain  
Give me hope, give me sun, give me rain  
Give me all baby, all that you can  
Give me love, give me love

Give me joy, give me soul, give me pain  
Give me hope, give me sun, give me rain  
Give me all baby, show me you care  
Give me love, give me love
