All you sexy ladies
Move a front
Move your body
Shake what ya mama gave ya

Come on
Ca

My girls and I
We're going out
It's Friday night
We just got paid
We're feeling good
We're looking fly
Now all we need is the bounce and place
'Cause we are ready
To get a move on
Come and DJ play my song
And it goes

Drop a little, hold a little
Work them hips then jump to the middle
Gotta, feel your body
Feel them ties
If it's burning, then you're doin' it right
Drop a little, hold a little
Work them hips then jump to the middle
Gotta, feel your body
Feel them ties
If it's burning, then you're doin' it right

Drop a little
Hold a little
Feel your body
Doin' it right

Drop a little
Hold a little
Feel your body
Doin' it right

All my ladies, all my fellas
Grab someone that's to your side
Don't you worry, if it might, if it might
Take some time
Let the beat uh, let the beat uh
Come around just one more time
And there is nothing you can do
But just to sing

Drop a little, hold a little
Work them hips then jump to the middle
Gotta, feel your body
Feel them ties
If it's burning, then you're doin' it right
Drop a little, hold a little
Work them hips then jump to the middle
Gotta, feel your body
Feel them ties
If it's burning, then you're doin' it right

Move your body, move your body, move your body
Drop it, drop it
Move your body, move your body, move your body
Drop it, drop it

It don't take too much to move your body to the left
It don't take too much to move your body to the right
'Cause it don't take too much to move your body to the
left
It don't take too much to move your body to the right

Now dip it down low, circle fast, circle slow
You can do it if you try
Feel it burnin' in your ties

It don't take too much to move your body to the left
It don't take too much to move your body to the right

Now dip it down low, circle fast, circle slow
You can do it if you try
Feel it burnin' in your ties

Oooh
Drop a little, hold a little
Work them hips then jump to the middle
Gotta, feel your body
Feel them ties
If it's burning, then you're doin' it right
Drop a little, hold a little
Work them hips then jump to the middle
Gotta, feel your body

Feel them ties
If it's burning, then you're doin' it right

Drop a little
Hold a little
Feel your body
Doin' it right

Drop a little
Hold a little
Feel your body
Doin' it right
