You're more than everything I want  
You're more than everything I need  
You're everything I prayed for  
Better than my wildest dreams  
But this weary heart of mine

Just feels so out of place sometimes  
Since I found you baby  
Nothing is the way it seems

And in my darkest hour  
You will find a way  
To pull me out of the shade  
'Cause in my darkest hour  
I will hold on to this love we celebrate  
Every single day

I remember rights done wrong  
Heartaches that I've overcome  
I've had my share of losing  
But now I know where I belong

And in my darkest hour  
You will find a way  
To pull me out of the shade  
'Cause in my darkest hour  
I will hold on to this love we celebrate  
Every single day

I just can't wait to fly away with you  
No matter where or when  
And I'm so thankful that I found you babe  
I never want this journey to end

And in my darkest hour  
You will find a way  
To pull me out of the shade  
'Cause in my darkest hour  
I will hold on to this love we celebrate  
Every single day

And in my darkest hour  
You will find a way  
To pull me out of the shade  
'Cause in my darkest hour  
I will hold on to this love we celebrate  
Every single day

Every single day
