Get back! Get back!

I wanna get back to the love we had, get back  
get back, to the bliss we shared, get back  
gotta relight the fire that used to burn  
relive the love that used to turn us  
on and on and on and on again

Get back! to you baby!  
get back! Get it on!  
get back! are your ready!  
get back! here I come

baby I remember how your kisses used to linger  
till the early hours of the dawn  
didn't need no heater to warm us in the winter  
Tell me where has all that passion gone  
let's get it on!

I wanna get back to the love we had, get back  
get back, to the bliss we shared, get back  
get back if only for just one time  
straight back to the love that used to shine

Get back! to you baby!  
get back! Get it on!  
get back! are your ready!  
get back! here I come!

Get back! Get back!

I remember looking in your eyes  
when we were loving  
and knowing I had never been so far  
now if we touch it's accidental  
that's no way to spend all  
the nights we could be making crazy love

open up your arms and  
get back if only for just one time  
straight back to the love that used to shine

I can't stand the thought of seeing you  
with someone else doing  
what you used to do to me baby,  
used to do to me baby

Get back, to the love we had, get back  
get back to the bliss we shared, get back  
Gotta relight the fire that used to burn  
relive the love that used to turn us  
on and on and on and on again

Get back! to you baby!  
get back! Get it on!  
get back! are you ready!  
get back! here I come
