Ooooooh
Every night's a million years
Since we're not togheter
Time is crawlin', crawlin'
Told myself I wouldn't call
Should've known better
Cause I'm falling, I'm fallin
Catch my heart before it shatters
And make me live again ooooooh

If you think baby after so long
That I'm over you, baby you're so wrong
I want you back
Every time I kiss, I still kiss you
No matter who it is, I still miss you
I want you back in my life
I want you back in my life

Don't know how it's been for you
Are you seeing someone
Just tell me, are you happy
It's good to hear your voice again
Better if you tell me you still want me
'Cause you still have me
You're the one thing that matters
Do I matter too oooooh

If you think baby after so long
That I'm over you, baby you're so wrong
I want you back
Every time I kiss, I still kiss you
No matter who it is, I still miss you
I want you back in my life
I want you back in my life

Oooooh
Maybe I'm livin' in dreamland
Asking for a slap in the face
But I just had to call you, just in case, just in case

Catch my heart before it shatters
And make me live again ooooh

If you think baby after so long
That I'm over you, baby you're so wrong
I want you back
Every time I kiss, I still kiss you
No matter who it is, I still miss you
I want you back

If you think baby after so long
That I'm over you, baby you're so wrong
I want you back in my life
I want you back in my life
I want you back
