Hello friend I wish you well
Prayin' to God another night in your cell
The chains that bound you, they won't hurt anymore
But being alone, will never change

A thousand words could never say what's on your mind
When time, stands still
And I, will dream, for you
Yes I, I'll wait for you

The family that you'll never know
Cross your heart, you swear you're never coming home
You're in a hiding place where all you feel is numb
And the answers never come

But I,
Yes I, I'll breath for you
And I, I'll dream for you
Yes I, I will for you

Ooh
And the colours fade away
Ooh
And that has been so long

A thousand words could never say what's on your mind
When time, stands still

And I, I'll hope for you
I will, I'll think of you
Oh and I, I'll live for you
I'll try, I'll try for you
Yes I, I'll wait for you
