What good is it to bitch and moan about it now
't was you who said that you do want me back
Don't twist the knife it is just self-afflicted pain
You've always known my heart's a beaten track
You can't expect me to wear blind blindfolds from now
on
God makes boys for us girls and He made them for
playin'
Don't mean to hurt you when I look at other guys
I don't trust their love or a word they are sayin'

Let it ride, don't blow in the fire
If you're pushing, if you're shoving
Why should I wanna be with you?
Let it slide, you walk on a wire
No one's ever loved you more than I do

Don't lock me in or I'll be burning down the house
The more you hold me, the faster I'll run
Your crazy jealousy is slowly killing me
What's wrong with going out and having fun?
A girl has got to know just how far she can go
Never hurt a soul, what's so bad about looking?
I'm only hangin' out to whet my appetite
Home in time to see if my baby is cookin'

Let it ride, don't blow in the fire
If you're pushing, if you're shoving
Why should I wanna be with you?
Let it slide, you walk on a wire
No one's ever loved you more than I do

This game is harmless cause my heart belong to you
No other guy really turns me on
Just ease up, baby, you're coming too strong
Step back, let go, be good or I'll be gone

Let it ride, don't blow in the fire
If you're pushing, if you're shoving
Why should I wanna be with you?
Let it slide, you walk on a wire

No one's ever loved you more than I do
