(You better treat me like a lady
You better watch out boy)

Baby I speak to you
Come and look into my eyes
I will not write it down for you
And I don't wanna say it twice
If you keep on doin't what you're doin'
You'll be sorry very soon

No no, you don't know what I mean
I see it in your face
But this is your last chance

You better treat my like a lady
You better watch out boy
Don't let me down or I'll get crazy
Listen!
'Cause I'm not your stupid toy

Some things will never end
If you let them last too long
I'm tired of feeling ashamed
Hey boy, you didn't get me wrong

If you keep on doing what you're doing
I don't give a guarantee
For everything we had
It doesn't me sad
'Cause I don't give a damn

You better treat my like a lady
You better watch out boy
Don't let me down or I'll get crazy
Listen!
'Cause I'm not your stupid toy

You better treat my like a lady
You better watch out boy
Don't let me down or I'll get crazy
Listen!

'Cause I'm not your stupid toy

I admit we had a crazy time
For a few days I was feeling fine
But this is not just a game
And when you're screaming my name
Let's see what I will do

You better treat my like a lady (lady)
You better watch out boy (you better watch out boy)
Don't let me down or I'll get crazy (crazy)
Listen!
'Cause I'm not your stupid toy (not your stupid toy)

You better treat my like a lady (lady)
You better watch out boy (you better watch out boy)
Don't let me down or I'll get crazy (crazy)
Listen!
'Cause I'm not your stupid toy
