All my life I dreamed in colours
Every rainbow had a meaning I discovered
Everyone said I wouldn't last
They all said I was a thing of the past

They tried to bring me down
Had to swallow my pride
Nobody knew what I knew
I would survive

For every tear I cried
Every wish goes by
Every dream I kept inside
For every mile I walked
Every race I've lost
Every day that I ran out of time
Like every song I've sung
Everyone I've known
Every night I spent alone
Like every horizon
I keep on trying
Like the sun I'll be risin'

For every word that has been spoken
there's another rule that has been broken
The door that was open
Don't let it get in your head
negative words they spread
The truth of it is
I still believe

For every tear I cried
Every wish goes by
Every dream I kept inside
For every mile I walked
Every race I've lost
Every day that I ran out of time
Like every song I've sung
Everyone I've known
Every night I spent alone
Like every horizon
I keep on trying

Like the sun I'll be risin'

Oh risin'

I'm gonna keep on (risin')

I'm gonna keep on risin' (risin')

Oooh risin'

Oooooohh

For every tear I cried

Every wish goes by

Every dream I kept inside

For every mile I walked

Every race I've lost

Every day that I ran out of time

Like every song I've sung

Everyone I've known

Every night I spent alone

Like every horizon

I keep on trying

Like the sun I'll be risin'

Oh risin'

For every tear I cried

Every wish goes by

Every dream I kept inside

For every mile I walked

Every race I've lost

Every day that I ran out of time

Like every song I've sung

Everyone I've known

Every night I spent alone

Like every horizon

I keep on trying

Like the sun I'll be risin'
