Falling  
Hard in the beginning  
My mind's a haze  
It's not a phase  
I'm on unsteady ground

And the sickness  
Hits without a warning  
Though you persist  
That love exists  
Can't help but question you

It won't matter what you do  
'Cause I don't hear it  
I can't hear it  
I gotta prove  
That's it just  
Just my delusion

Oh oh ah  
Suspicion  
Meant to be in love but I can't see clearly  
How'm I gonna shake this

Oh oh my  
Suspicion  
Rushing round my head like a constant heartbeat  
When I am without him  
Suspicion's under my skin  
ooooh

Never knowing  
Forever so uncertain  
This state of mind  
Is so unkind  
I'm washing it away

And I'm hoping  
Searching for that alibi  
To clear your name  
And ease my pain  
So I can trust in you

It won't matter what you do  
'Cause I don't hear it  
I can't hear it  
I've gotta prove  
That's it just  
Just my delusion

Oh oh ah  
Suspicion  
Meant to be in love but I can't see clearly  
How'm I gonna shake this

Oh oh my  
Suspicion  
Rushing round my head like a constant heartbeat  
When I am without him

Suspicion's under my skin  
oooh

This feels like torture  
And it's claiming all of me  
Taking every piece  
'Till there's no more

'Till there's no more  
Suspicion

Oh oh ah  
Suspicion  
Meant to be in love but I can't see clearly  
How'm I gonna shake this  
Oh oh my  
Suspicion  
Rushing round my head like a constant heartbeat  
When I am without him

Suspicion's under my skin  
Whoohoo ah
