Stand up, stand on your own  
That's what they tell me  
You can make it alone

Where does it say I have to move  
Far away from you  
To prove I'm strong?

Oh, when all it really proves  
Is I'm lonely without you  
And loneliness has to be wrong

I live for your love  
(Everyday)  
Every minute  
I live for your love  
(In my life)  
Want you in it  
I live for your love  
I admit it  
I live for your love

I wake up with no one to kiss  
Sometimes I wonder  
(Wonder, wonder)  
If I just exist

I know there are people I can see  
Places I could be  
And friends who call

Oh, but what good does it do  
There's no substitute for you  
I want you or nothing at all

I live for your love  
(Everyday)  
Every minute  
I live for your love  
(In my life)  
Want you in it  
I live for your love

I admit it

I live for your love and your kisses  
And know how I'm missing  
Your sweet tender touch  
(Tender touch)

I need you so much  
That I just can't go on anymore  
What I wouldn't give for

'Cause darling I live for your love  
(Everyday)  
Every minute  
I live for your love  
(Got one life)  
Want you in it  
I live for your love  
I hate to admit it

But oh, I live for, I'd die for  
What I wouldn't give for your love  
(I live for your love)  
(Everyday)  
I live for your love  
(Got one life)  
Everyday, every minute  
(I live for your love)  
I have only got one life  
I want you in it

Oh, my baby, yes, yes  
I live for your love, ooh ooh
