Oh baby, How do I start? Where do I begin?
I've been hurt so much, I just need a friend
Could it be you? Will you break through these walls?
Are you willing to help them fall?

I want to love again but I'm afraid to
I want to trust again
But my heart says not to

Your every smile
Your gentle touch makes me weak
I want you so much
I want to love again and this time with you

I didn't know that this would be so hard for me
Bein' this close to you is driving me crazy
My mind says no, oh, but my body says yes
You make one move and I'll do the rest

I want to love again but I'm afraid to
I want to trust again
But my heart says not to

Your every smile
Your gentle touch makes me weak
I want you so much
I want to love again and this time with you

Oh, it's been so long since I've seen your face
And I'm just trying to be strong
Oh but I think about you everyday
Yeah, yeah, yeah, yeah

And it makes me weak when I see your face
I guess, it means I'm in a different space
'Cause I wanna love again and this time with you

I want to love again but I'm afraid to
I want to trust again
But my heart says not to

Oh, your every smile

Your gentle, gentle touch makes me weak
I want you so much, I want to love again

Please, let me love again
Now, I want to love again and this time with you
I just wan to love again with you
